EDU CARNIVAL ’19
11th INTERNATIONAL CONFERENCE

“THE JOY OF BEING AN EDUCATOR”

FOR SCHOOL LEADERS
A path paved by Leaders, pursued by Teachers

FOR SCHOOL TEACHERS
Why shouldn’t teaching be fun?

DATE
DEC
12th, 13th, 14th

Conference Chairperson
Dr. Harish Chaudhry
“Can there be happy children without happy teachers?”

“Can there be happy teachers without a supporting leader?”

“What gives a leader, the conviction to stand for its team?”

Much has been said about what will make a good school, we have traversed the globe to see the constituents and how it works and there has been one common finding.

The leaders are going out of their way to support the teachers.

The teachers are in love with their work.

The Institution is taking responsibility of each and every child.

We found that the passion people are bringing in their work is creating the magic. So we are inviting different educationists from around the world and will ask them one question.

“What do they do to bring the culture of support, love and responsibility in their school?”

Apart from different “schools of thought” in India, educators from Singapore, UK and USA have agreed to come and share their part of the story

Whether you get full recipe or not, we promise your team will get a new perspective of togetherness and team work after these 3 days at IIT Delhi.
