Indian Institute of Technology Delhi

National Science Day 2018
Research Scholars Symposium
February 28, 2018, LH 121

Poster Session 09:00 AM - 01:00 PM
Oral Presentations 10:00 AM onwards

Speakers:

Vartika Dhyani (CBME)
Prof. Neetu Singh
“Chemical strategies for manipulation of material’s biological property”

Jayakrishnan K. (CES)
Prof. L. M. Das, Prof. Virendra Dutta & Prof. Divesh Bhatia
“Development of a Hydrogen fuelled multi-cylinder vehicular engine with H2-SCR aftertreatment system”

Rohini Singh (Chemical Engg.)
Prof. Shalini Gupta
“Theranostic management of bacterial infections in blood using multifunctional nanobiocjugates

Priyanka Lochab (Physics)
Prof. Kedar Khar & Prof. P. Senthil Kumar
“Engineering “magic” laser beams that are robust to atmospheric turbulence”

Jaspreet Kaur Dhanjal (DBEB)
Prof. D. Sundar
“CRISPcut: A novel tool for designing optimal sgRNAs for CRISPR/Cas9 based experiments in human cells”

Shelaka Gupta (Chemical Engg.)
Prof. M. Ali Haider

Prizes sponsored by:

IIT Delhi Alumni Association
